FALL WINTER '23

## Harmony

Neutral tones, paste and dark milk,  
symbolizing the balance between light  
and shadow.

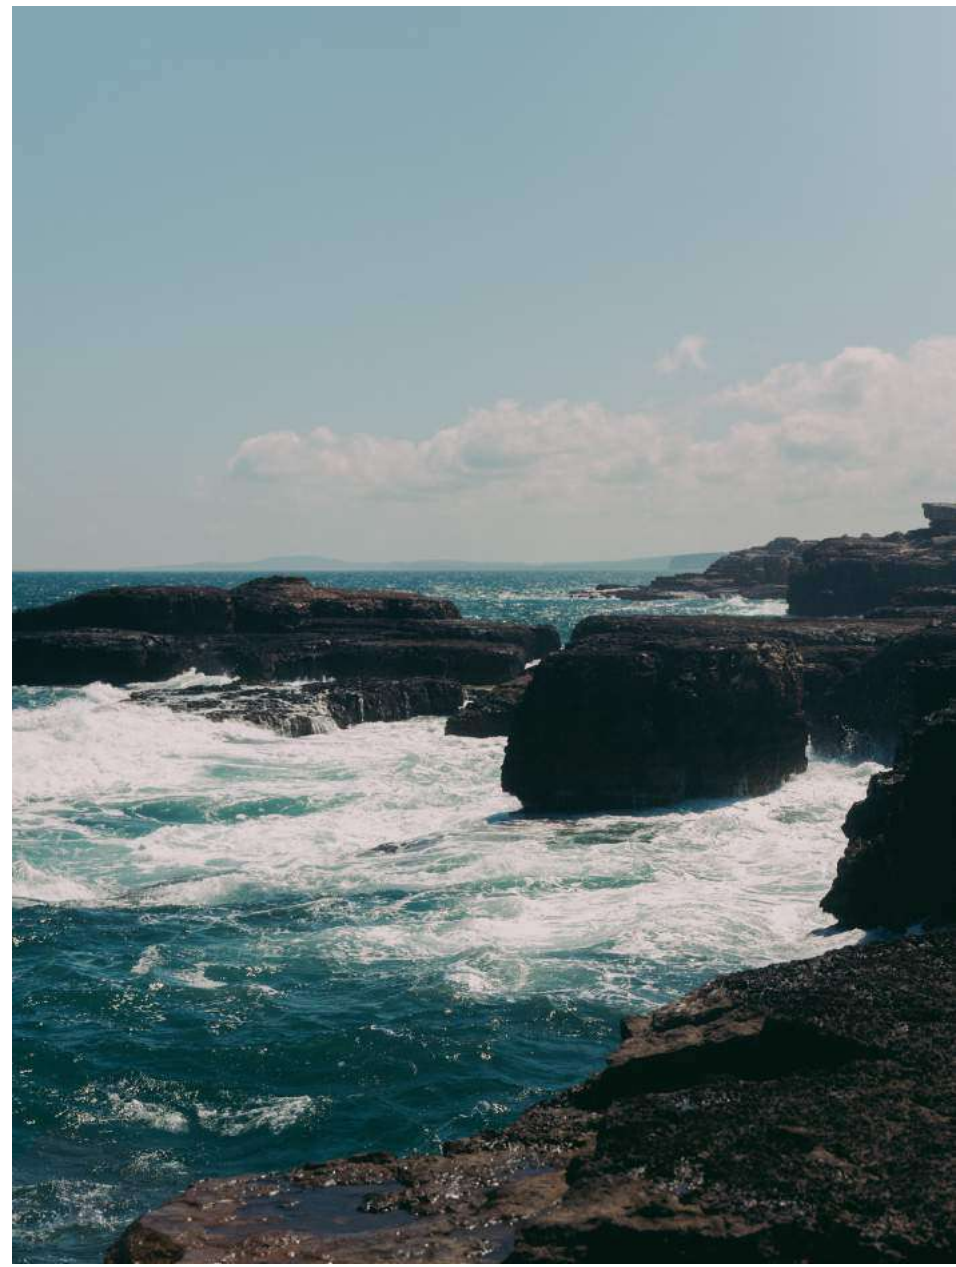

BGN Workshop invites you to part of  
natural fabrics and textures with  
Fall Winter 22- 23 Collection.

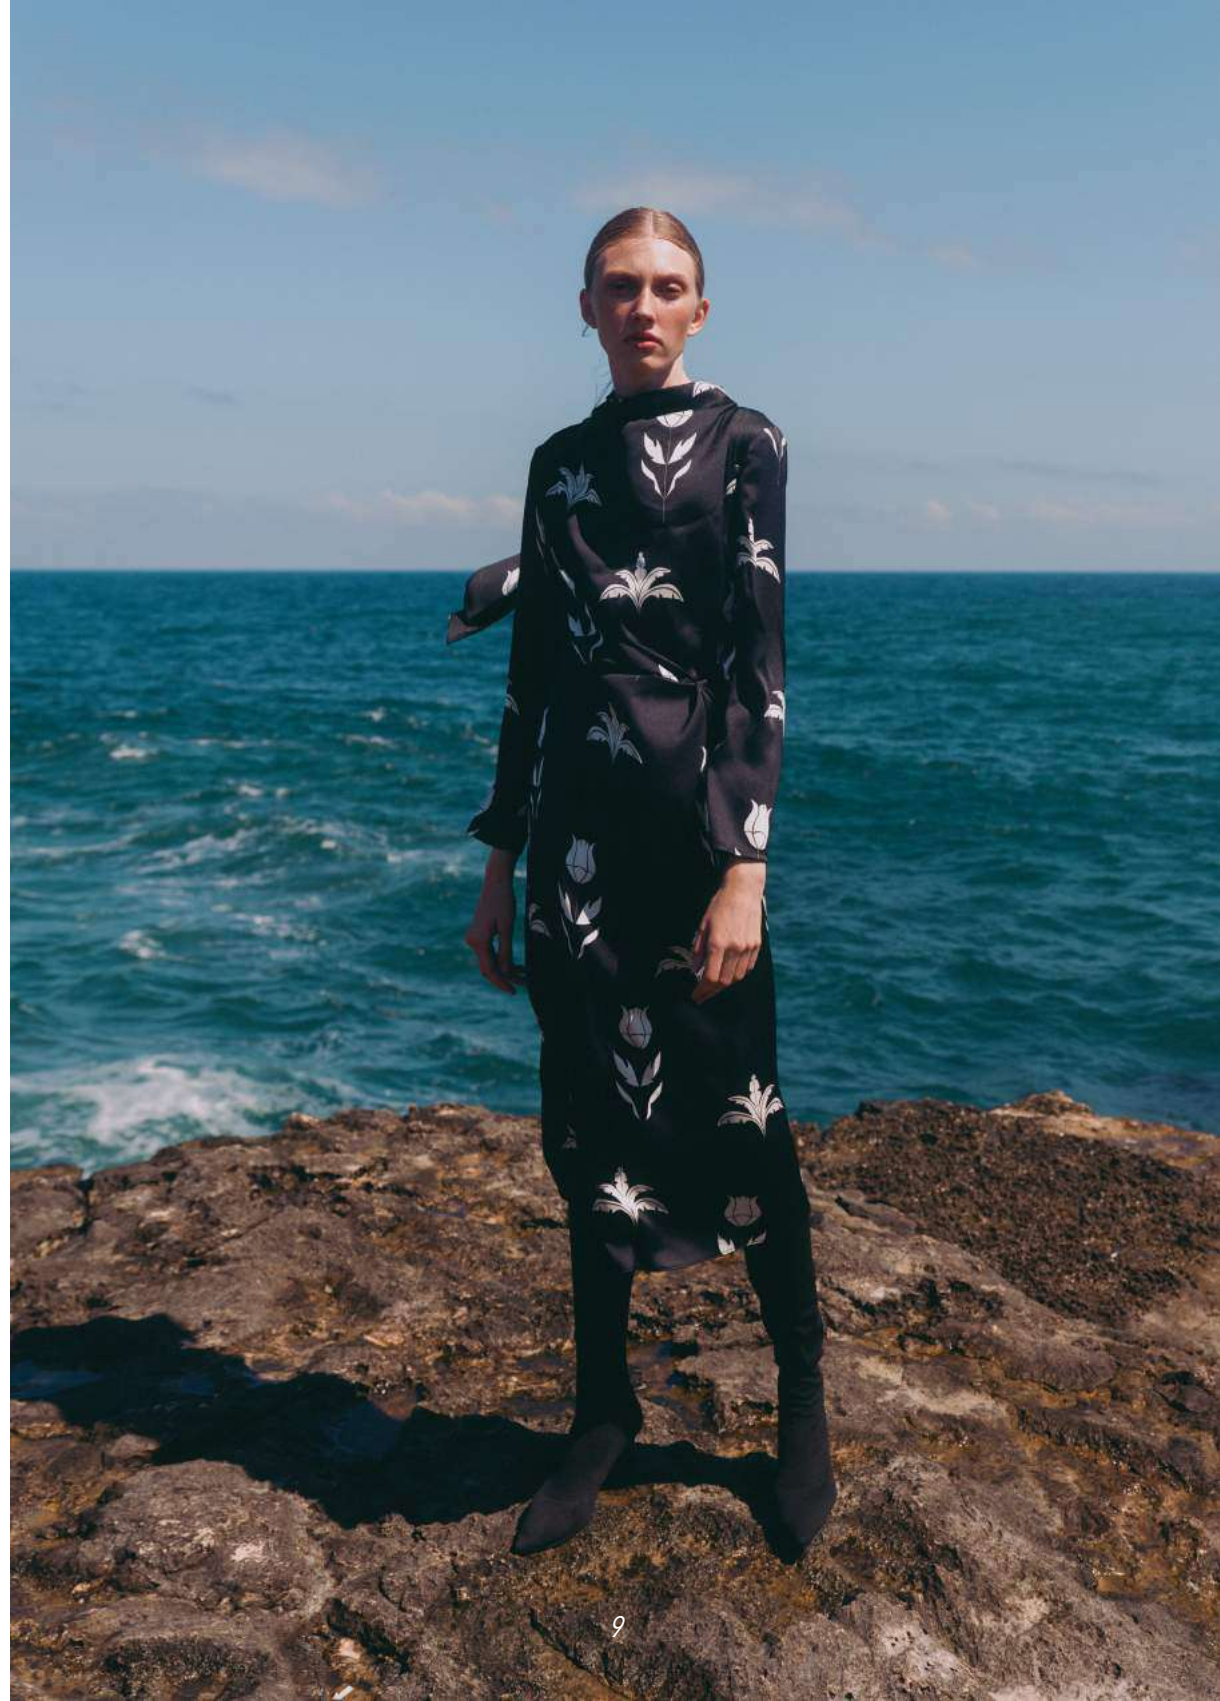

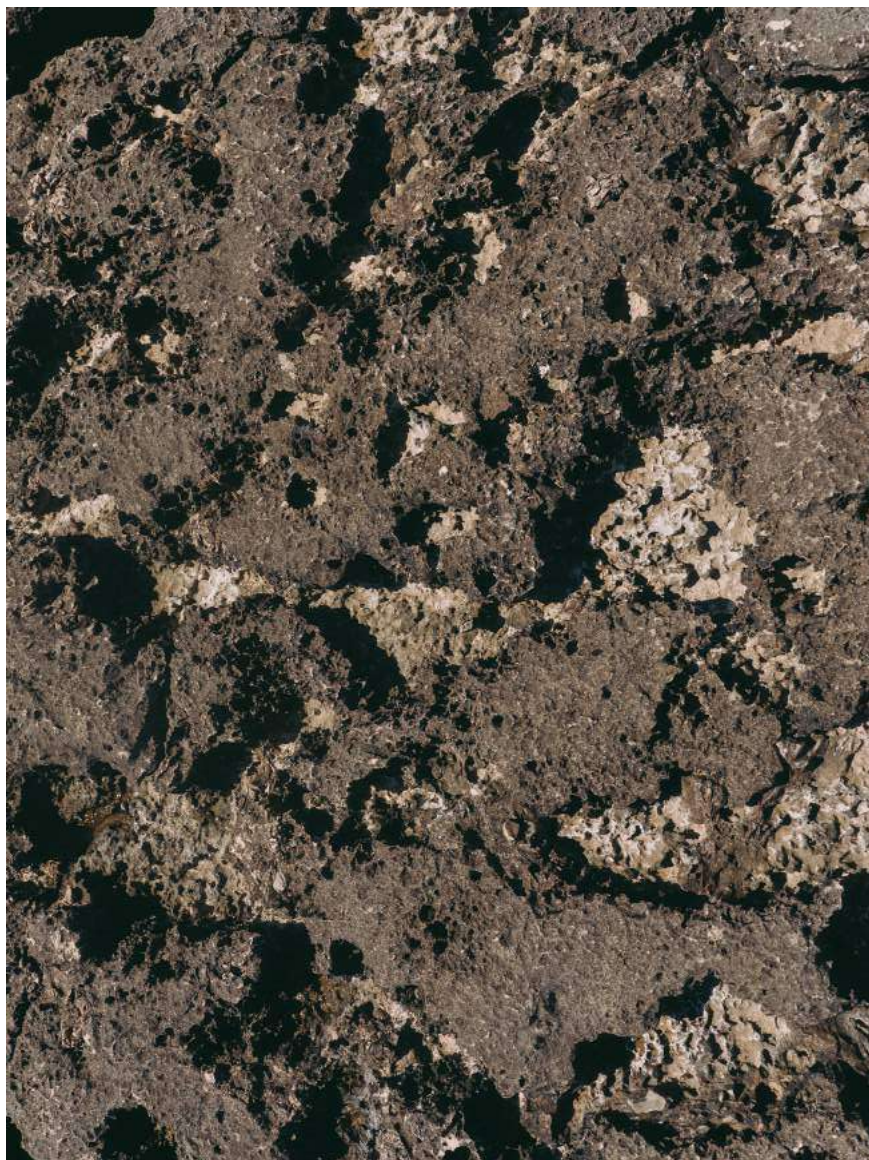

## Natural Me

Softness meets rawness" is the principle that lies behind the theme 'Natural me'. Here, unconventional brightness and lightness meet *monochromatic colourways*.

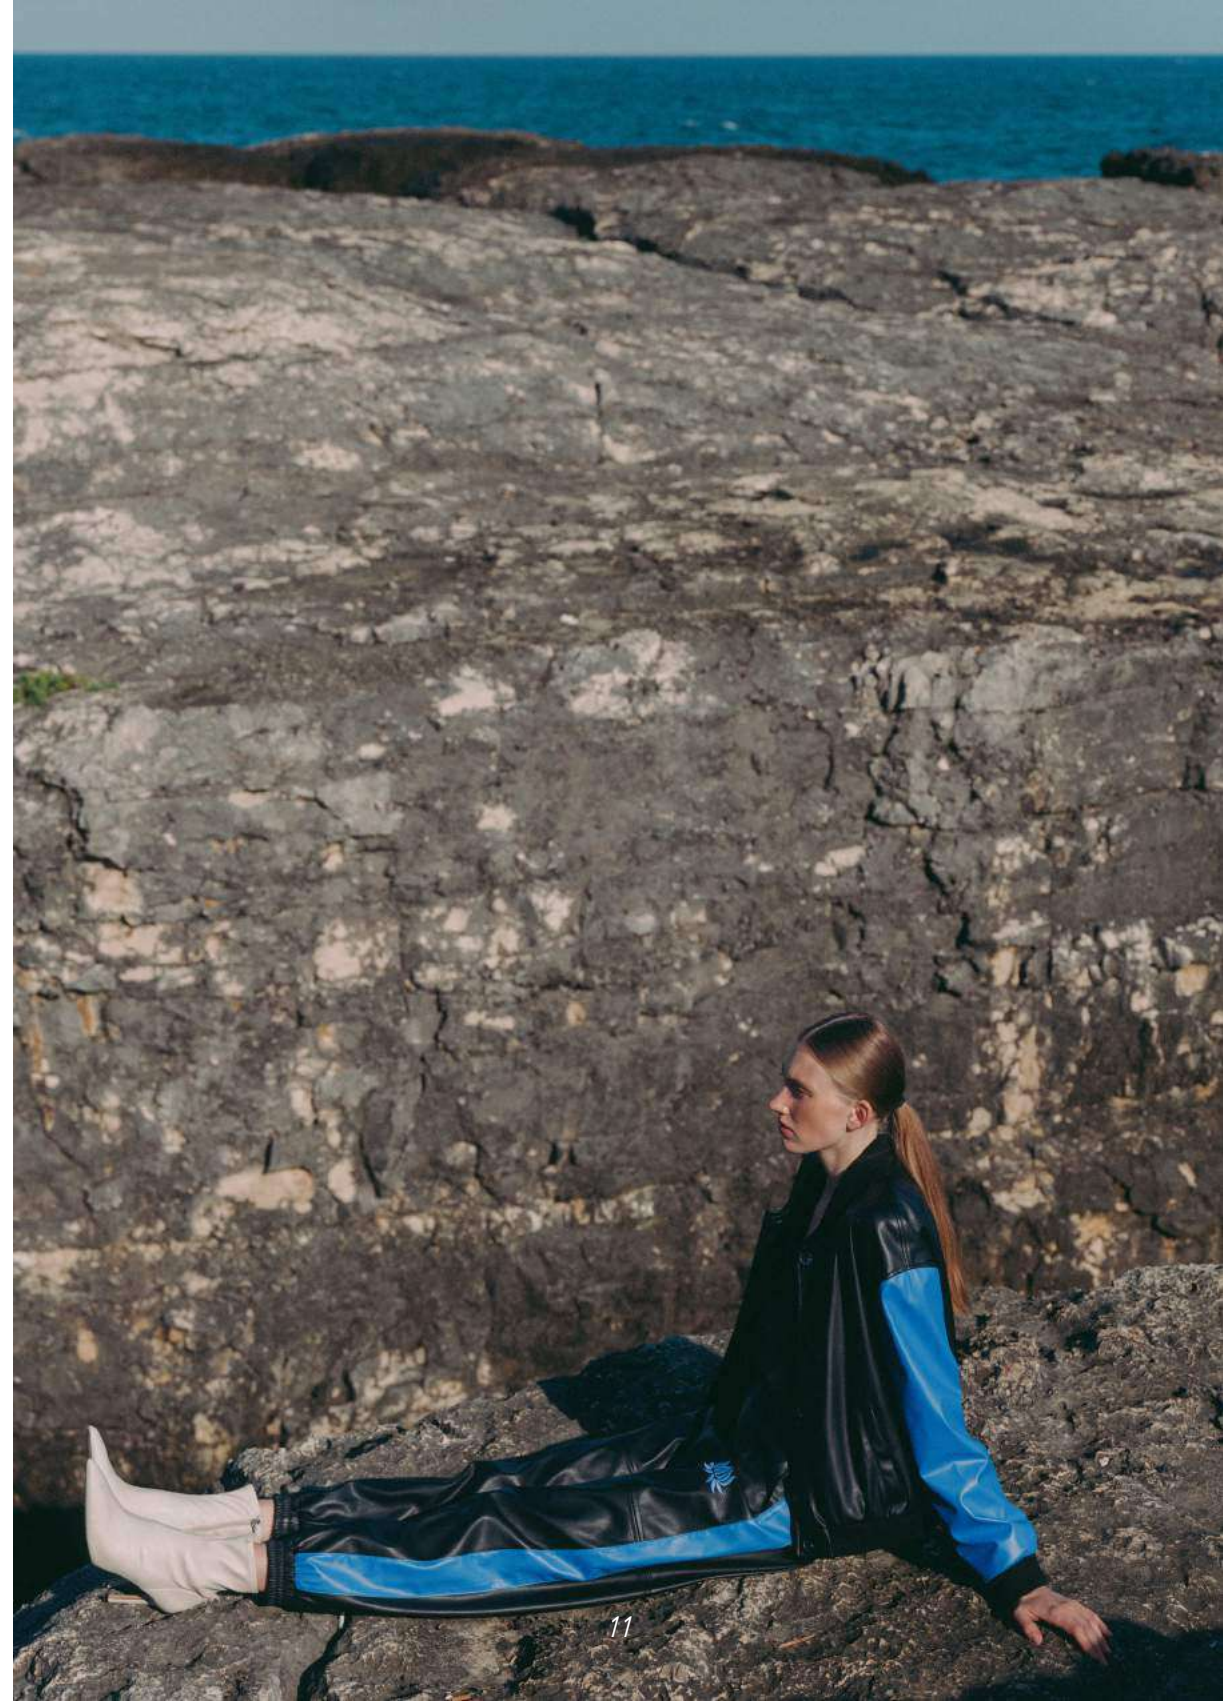

# Schoolgirl

*The schoolgirl raised* the white shirt, the skirt, the blazer and faux leather college sets to the rank of fashion essentials of the season.

# Ultraviolet

Pantone predicted that the purple, *tones of grape* would be the star color of the year.

## Suit Up!

*Two-piece suits* and edgy jackets are strong as feminine dresses which are the hottest outfits to be seen in right now.

# The Maxi Coat

The season's *must-have coat* is simple yet massively impactful — another full-length silhouette to invest in for a timeless look that is guaranteed to emerge as a elegant look across the world.

# Chiseled Stone Tones

Chiseled Stone presents the strength of silence without presumptive.

# Timeless Military

It feels like every few years, the fashion gives us some *military-style trends*. Structured coats, muted hues and combat prints are so perfect for everyday wear.
